FANTASY EGGS

Materials:

- Aluminum foil*
- Air-dry clay*
- Decorations: acrylic beads, jewels,* stones, seashells*, beach glass, rocks, and anything else that might look great on a fantasy egg

Materials with an * are included in the kit.

Directions:

1. Crumble the aluminum foil into an egg shape, this will be the center of your egg.
2. Cover the foil with the air-dry clay. You may want to flatten your clay then wrap it around the foil base.
3. Decorate with gems, shells, and other treasures.
4. Let dry for 24 hours.
5. Now care for your egg until it "hatches"- a.k.a. forever :)
